

CAMPUS ASIA

Summer Program for Trilateral Cooperation

Program Guidelines

1. About the SPTC

Tokyo Gakugei University aims to cultivate the well-educated human resources of educators and education support having high knowledge. In order to deal with the aspects of modern society, such as the growth of a knowledge-based society, increasing globalization, the diversification of educational challenges, and the exhaustion of local communities, we especially put emphasis on four key strengths: the strength to work together to solve challenges, the strength to value the diversity, the strength to reflect on and express themselves, and the strength to create a new society. Campus Asia is one of the refined programs working for such goals.

This summer, Tokyo Gakugei University provides the Summer Program for Trilateral Cooperation (SPTC) again. This is the short-term exchange program providing the opportunities of learning Japanese education, culture and society. This program is designed for the undergraduate and graduate students of Beijing Normal University, Seoul National University of Education and Tokyo Gakugei University. We aim to expand it to other teachers colleges in East Asia Area in the future.
