

**Campus Asia Plus
AY2023 Summer School
Application Guidelines**

**International Collaborative Human
Resources Development Program in Asia to
Foster Inclusive Minds**

April 27, 2023

1. BACKGROUNDS AND PROGRAM OBJECTIVES

To solve common social issues in the world, it is necessary to collaborate with diverse human resources with different backgrounds and attributes, regardless of nationality, language, religion, gender, or disability. And the practice of Diversity and Inclusion in society is required to realize the basic principle of the SDGs, "Leave No One Behind."

With this background, we launched a new program titled "International Collaborative Human Resources Development Program in Asia to Foster Inclusive Minds" in AY 2021 and have been implementing with the Campus Asia consortium universities in China, Korea, Thailand and Indonesia since then.

After the basic online course: "Cultivating a Caring and Inclusive Society for All" in AY2021, we successfully did short term course from HU to partner universities, Summer School in Hiroshima, and exchange program for one semester from and to Hiroshima University in AY2022 to foster an inclusive mindset. These programs have contributed to the practice of Diversity and Inclusion for the realization of the better society and the SDGs in Asia.

To pursue and accomplish this purpose in the Campus Asia program further, Hiroshima University is planning to do the Summer School program again in AY 2023 and offers students from the Consortium Universities to interact, communicate and learn at Hiroshima University.

Hiroshima University welcomes students from the member universities, who are eager to learn and interact actively with other Asian students in August 2023.

2. EXPECTED PARTICIPANTS

This Summer School is designed for highly motivated students from Campus ASIA consortium universities. Students who are willing to challenge this intensive, academic and cultural program are expected. We also welcome students:

- who are interested in cross-cultural understanding,
- who want to improve their English language skills,
- who are thinking about studying abroad,
- who are interested in diversity and inclusion, and
- who want to work for an international organization in the future.

3. 6 COMPETENCIES TO BE ACQUIRED

- basic knowledge of Diversity and Inclusion
- basic knowledge of cross-culture
- empathy
- communication skills
- leadership in teambuilding
- cooperativeness in teambuilding

4. THE PROGRAM

The Summer School program features:

- (1) Lectures and workshops with academic experts and guest speakers in Japan;
- (2) Interactive seminars that encourage stimulating discussion and learning;
- (3) An integrated cultural program that introduces a unique side of Hiroshima and includes scheduled cultural activities
- (4) Various opportunities for learning and experience “peace”
